

The Agile Insights Software

Design the future simply agile.

quantilope has a product which turns the market research industry upside down. An automated self-service platform based on newest technologies delivers professional consumer insights fast as lightning. With the help of this solution, we have already delighted various great brands. Together with established investors, we are ready for the next step and are searching for motivated and excellent recruits who want to become part of our success story. Right now we are looking for a

React/Frontend Developer (m/f/x)

As a React/Frontend Developer you will be working with amazing new technologies in a growing team. As an expert for the most modern web technologies, you have the mission to make our software user friendly and easily accessible.

YOUR CHALLENGE

- Develop our market research platform together with a highly agile team.
- Build modern and reusable frontend components.
- Work with our user experience and user interface designers to create new exciting features.
- Act quickly and decisively upon changing environments, optimize workflows and share your knowledge with your team.
- Find and address performance issues.
- Participate in design and code reviews.
- Identify and communicate frontend best practices.

YOUR PROFILE

- Expert knowledge of JavaScript and React
- You like to work in cross functional teams
- Experience with modern JavaScript libraries and tooling
- You have successfully finished several projects with one of the popular frameworks such as React, Vue or AngularJS
- Awareness of cross-browser compatibility challenges and client-side performance considerations
- You have demonstrated design and UX sensibilities
- Plus: experience on automated testing tools

WHAT WE OFFER

- Great company culture with great openness, drive and fun
- Loft office with fresh fruit, drinks, and coffee in the very heart of Hamburg
- Regular exchange with other developers at Meetups
- Awesome international and multicultural team mates
- Collaborative and empowering environment to develop yourself
- Work with the devices you are most comfortable with
- Regular team events and company retreats
- HVV ProfiTicket available

CONTACT
